Asian Journal of Pharmacognosy July-September 2018 Issue

Christophe Wiart

University of Nottingham Malaysia Campus

This third issue for the year 2018 presents research articles, reviews, and notes that contribute to the body of knowledge pertaining to the discovery of drugs from medicinal plants in Asia. I would like to express my gratitude to our President Professor Mohammed Rahmatullah for his continuous guidance and encouragements. I am also greatly indebted to the board of directors and editors for their continuous support in making this third issue.
